COPY MESSAGE FROM

BROADCAST TITLE (50 char): MSP Diagnostic Codes

BROADCAST MESSAGE (UP TO 5 PAGES, 12 LINES PER PAGE, 76 CHARACTERS PER LINE):

All claims submitted by physicians to the Medical Services Plan (MSP) must include a diagnostic code. This information allows MSP to verify claims and generate statistics about causes of illness and death. The diagnostic codes used by MSP are based on the ninth revision of the International Classification of Diseases developed by the World Health Organization, commonly referred to as ICD-9.

While newer versions of the ICD have since been developed, please continue to refer to the list of ICD-9 diagnostic codes and additional administrative codes that are approved for use in Teleplan, which can be found online at:

<http://www.gov.bc.ca/mspdiagnosticcodes>
